# Capacity building seminar for UNESCO Site Managers - Recommendations

- **The site manager requires to have:**
  - a) legal mandate;
  - b) institutional backing and adequate resources;
  - c) access to information and data related to the property and its buffer zone
- **The site manager should be:**
  - a) a key figure in managing, monitoring, protecting, maintaining and promoting the world heritage property and its attributes of outstanding universal value in situ;
  - b) a contact person, a communicator, a mediator, a negotiator between national authorities (including Focal Point), municipalities, local communities and other stakeholders;
  - c) committed to the site and the protection of its outstanding universal value and well informed about the world heritage property;
  - d) an expert, an analyst and a transmitter of information about the site and its outstanding universal value, a continuing teacher/learner of best practices implementing World Heritage Convention in situ, interpreter and promoter of the site.

# Outstanding Universal Value

- The official translation of the OUV of Struve Geodetic Arc to Lithuanian language
  - Approval by the Ministry of Agriculture
  - Announced by the Ministry of Culture and National UNESCO Commission.

The screenshot shows a web browser window displaying the UNESCO Lithuanian website. The address bar shows the URL: <https://unesco.lt/kultura/pasaulio-paveldas/pasaulio-paveldas>. The browser's address bar also shows several tabs: "Started", "Etsy - Sign In", "PASLAUGOS „Narvese...", "EuroGeographics: INS...", "Viršelio nuotrauka", "From Internet Explorer", and "(1) Saulius Urbanas - S...".

The website's navigation menu includes: **Apie**, **Švietimas**, **Mokslas**, **Kultūra**, **Komunikacija ir informacija**, **Naujienos**, and **Leidyba ir nuotraukos**.

The main content area features the UNESCO logo on the left, with the text "Lietuvos nacionalinė UNESCO komisija" and "Jungtinių Tautų Švietimo, mokslo ir kultūros organizacija". On the right, there is a map of Europe with a blue dotted line tracing the Struve Geodetic Arc across several countries, marked with colored dots.

Below the main content, there are three columns of information:

- Kultūra**
  - Pasaulio paveldas**
  - Pasaulio paveldo konvencija
  - Pasaulio paveldo centras
- Struvės geodezinis lankas**
  - 2005 m. Struvės dienovidinio lanko geodeziniai punktai, remiantis (ii), (iv) ir (vi) kriterijais, įrašyti į Pasaulio paveldo sąrašą (nominacija rengta kartu su 9 valstybėmis: Baltarusija, Estija, Latvija, Norvegija, Moldovos Respublika, Rusijos Federacija, Ukraina, Suomija, Švedija).
- Pasaulio paveldas Europoje**
