Open Maps for Europe – how can you get involved?
Patricia Sokacova
EuroGeographics Head Office
CONNECTING YOU TO MAPS, GEOSPATIAL AND LAND INFORMATION FOR EUROPE

#MAPSFOREUROPE

60+ members from the whole of geographical Europe

EUROGEOGRAPHICS ACTIVITIES

Well-established network for sharing knowledge, expertise and access to data
Sharing experiences and best practice
Representing our members interests
Fostering use and re-use of public sector geo-information

MAPS, CADASTRE, AND MORE

Our members provide data to help protect people, the planet and so much more

Environmental monitoring & management
Real-time data for pandemic response
Smarter, sustainable agriculture
Cleaner, safer, intelligent transport
Emergency responses
Aerial survey

TRUST & RELIABILITY

Our members empower society with trusted geospatial services

Trusted daily everywhere for secure ownership transactions, diligent policy elaboration and monitoring
Relied on by European institutions and UN, governments, businesses and citizens
Registered on the EU Transparency Register and bound by its code of conduct
EuroGeographics welcomes new member

French General Directorate Cadastral Bureau became our latest member as of 1st January 2022.
General Assembly 2022 Sarajevo
Reconnection & Ambition
Delivering value to you

- Facilitating access to your data & demonstrating its importance
- Representing your interests
- Maintaining a knowledge exchange network to support you in improving your capabilities & role
Representation

Our current main policy areas of interest within the European Union are:

• The European Strategy for data – High Value datasets including Cadastral Parcels, Addresses and Buildings
• The European Spatial Data Infrastructure (INSPIRE)
• The European Space Programme (Copernicus)
• Cadastral issues related to policy, such as GDPR
• Intellectual Property Rights (IPR)

EuroGeographics also follows the programme of work of the UN-GGIM Committee of Experts, including the:

• Integrated Geospatial Information Framework
• Land administration and management
• Policy and legal frameworks
• Global Geodetic Reference Frame
Maintaining a knowledge exchange network

Upcoming Events
- 30 June 2020: Members Webinar Series – Members data to support the Copernicus Land & Security Services
- 09 June 2022: An Update on CEF-funded Projects
- 12 May 2022: Members Webinar Series – Topic to be confirmed

Registration will open soon

Past Events
- 07 April 2022: From reducing the risk of disasters to digital 3D models, the role of NMCAs in representing our world accurately and intuitively
- 31 March 2022: National SDI Portals for a wide range of uses
- 03 March 2022: INSPIRE themes implementation in NMCAs – GeoNames
- 24 February 2022: Data integration: Paving the way for new markets – Challenges and recommendations
- 17 February 2022: Geospatial Ethics
- 10 February 2022: Society benefits powered through the use of trusted geospatial services from NMCAs
- 27 January 2022: Digital Europe Funding Programme
- 20 January 2022: Cadastre Portals

Presentations

Knowledge Exchange
• **Thematic PolKEN online meeting focusing on the HVD -- 2 June**
  Policy Officer from DG CONNECT will present Implementing rules on High Value Datasets which will be open for the public consultation shortly

Open Maps for Europe

Providing easy access to pan-European open data created using official maps, geospatial and land information.

Datasets

- GlobalMap: provides multi-themed geographic open data at 1:1m resolution scale
- EuroRegionalMap: provides multi-themed topographic open data at 1:250,000 scale
- EuroDEM: EuroDEM is a 1:500,000 scale digital elevation model providing height data
- OpenCadastralMap: A single place to find European Cadastre map data

- Make ERM and EuroDEM OPEN data
- Continue the production of datasets
- Make the datasets easily accessible
- Communicate and increase use
Open Cadastral Map

WHY?
• Users have given feedback that this is something they want
• Demonstrates what our members have
• Exploring a new way of doing this to enable a stable service
• Supporting our Cadastral members in their aims

WHAT?
• Build on work from a previous project
• Not replicate national services
• Create a proof of concept that can be built on
Challenges

Open Maps for Europe 2

The objective of this call

- to increase the easy availability, quality and usability of public sector information in compliance with the requirement of the Open Data Directive
- Consortium has been formed (Netherlands, Spain, Greece, France, Belgium and EGHO)
- Deadline for bid was 17th May, and our project has been submitted!
- Will be continuation on OME;
  - A new production process will be created for a large scale dataset
  - The dataset to be created will initially focus on Boundaries, Hydro and Transport themes
  - Open Cadastral Map will be enhanced and coverage increased
  - OME portal will be enhanced
Consortium

MEMBERS
Open Maps for Europe 2 – how can you get involved?

• Be informed about our common activities on OME
• Let us know:
  ➢ Are we delivering the right thing? What can be done for you to improve the European Cadastral Map
  ➢ how to meet your requirements from pan-European perspective
  ➢ Based on your suggestions we are happy to organise webinars, workshops for experts; discussions fora to improve the European Cadastral Map
• Let us help you to provide your INSPIRE compliant cadastral data via atom feeds at European level
Cadastre and Land Registry KEN

Working for you, always ready for cooperation with our partners
Your Head Office Team!
Proud to be: The voice of European National Mapping, Cadastral & Land Registry Authorities
Thank you for your attention! 😊
