CONNECTING YOU TO MAPS, GEOSPATIAL AND LAND INFORMATION FOR EUROPE

#MAPSFOREUROPE

60+ members from the whole of geographical Europe

EUROGEOGRAPHICS ACTIVITIES

Well-established network for sharing knowledge, expertise and access to data

- Sharing experiences and best practice
- Representing our members interests
- Fostering use and re-use of public sector geo-information

MAPS, CADASTRE, AND MORE

- Our members provide data to help protect people, the planet and so much more
  - Environmental monitoring & management
  - Real-time data for pandemic response
  - Smarter, sustainable agriculture
  - Cleaner, safer, intelligent transport
  - Emergency responses
  - Aerial survey

TRUST & RELIABILITY

- Our members empower society with trusted geospatial services
- Trusted daily everywhere for secure ownership transactions, diligent policy elaboration and monitoring
- Relied on by European institutions and UN, governments, businesses and citizens
- Registered on the EU Transparency Register and bound by its code of conduct
Delivering value to you

• Facilitating access to your data & demonstrating its importance

• Representing your interests

• Maintaining a knowledge exchange network to support you in improving your capabilities & role
Representation

Our current main policy areas of interest within the European Union are:

• The European Strategy for data – High Value datasets including Cadastral Parcels, Addresses and Buildings
• The European Spatial Data Infrastructure (INSPIRE)
• The European Space Programme (Copernicus)
• Cadastral issues related to policy, such as GDPR
• Intellectual Property Rights (IPR)

EuroGeographics also follows the programme of work of the UN-GGIM Committee of Experts, including the:

• Integrated Geospatial Information Framework
• Land administration and management
• Policy and legal frameworks
• Global Geodetic Reference Frame
Main events since 1st June 2022

• Ninth Plenary UN-GGIM: Europe June 2022
• Twelfth Session of the United Nations Committee of Experts on Global Geospatial Information Management (UN-GGIM) 3-5 August New York;
• FIG Congress Warsaw, 11-15 September, Dr. Daniel Steudler elected Vice-President
• 14th Regional Conference on Cadastre and SDI Slovenia
• 2nd UN World Geospatial Information Congress) Hyderabad, India 10-14 October 2022
October – month of awards

• Open Maps for Europe has been awarded the GeoSpatial 2022 Professional Best Project Award at the BeGEO congress in Brussels.

• Jubilee conference celebrating 75 years of geodetic administration and 95 years of geodetic surveying in the Republic of North Macedonia, hosted by the Agency for Real Estate Cadastre (AREC);
Members Webinar Series

EuroGeographics webinar series in partnership with Euro3DR to keep members connected, share knowledge and provide new learning opportunities.

These events are for members only and anyone from a member organisation can participate.

Members need to log on to the website to register and to access the materials below.

Each webinar is recorded – click the title in past events to view. Presentations and further reading are also available.

Different levels of Knowledge Exchange

Knowledge Exchange Programme and Activities

- General Assembly
- Talking Heads Webinars
- PC Knowledge Exchange
- KENs
- Weekly Webinars
- Data producers events
- Webinars in partnership
- Workshops

In 2022 we organised over 30 knowledge exchange events with over 1400 attendees
Going global!

“... collaborate in activities related to our common goal of using the power of geospatial data to benefit society in addressing key global challenges and provide a platform for knowledge exchange and to build capacity ...”
Open Maps for Europe – closing webinar 8th December at 10.30

Make ERM and EuroDEM OPEN data

Continue the production of datasets

Make the datasets easily accessible

Communicate and increase use
Open Cadastral Map

WHY?
• Users have given feedback that this is something they want
• Demonstrates what our members have
• Exploring a new way of doing this to enable a stable service
• Supporting our Cadastral members in their aims

WHAT?
• Build on work from a previous project
• Not replicate national services
• Create a proof of concept that can be built on
Open Maps for Europe 2

Will be continuation on OME;

• A new production process will be created for a large scale dataset
• The dataset to be created will initially focus on Boundaries, Hydro and Transport themes
• Open Cadastral Map will be enhanced and coverage increased
• OME portal will be enhanced
Consortium

Subcontractors

MEMBERS
OME 2 – WP6 Development and Enhancement of the Open Cadastral Map

1. Produce Open Cadastral Map

2. Enhance the Production Process

3. Increase the coverage of the open cadastral map

4. Increase the harmonisation of the access to cadastral data

5. Promote the Open Cadastral Map

Engage with Eurogeographics members and cadastral communities, including the EuroGeographics Cadastre and Land Registry Knowledge Exchange Network, as well as, the Permanent Committee on Cadastre (PCC), to enhance further the awareness of the Open Cadastral Map and develop support for a long term strategy in delivering of pan-European cadastral data.
Cadastre and Land Registry KEN – looking for new members

Working for you, always ready for cooperation with our partners
Your Association in hearth of Europe

Management Board

Head Office Team
EuroGeographics working with members and working with others…

Together, we benefit from each other

Because together we are stronger and smarter, more efficient and more effective.
Thank you for your attention! 😊
