

.KEN

WORKSHOP “TRANSFORMATION OF THEMES EL AND OI”

INTRODUCTION

INSPIRE KEN

- **KEN: Knowledge Exchange Network**
- **Set up by EuroGeographics by end 2011**
- **Objectives:**
 - **Share experiences about implementation of INSPIRE**
 - **Share information about INSPIRE (e.g. about MIF/MIG)**
- **Activities:**
 - **E-mail exchange on Base camp**
 - **Webinars**
 - **Workshops**
 - **Communication during INSPIRE conference**
- **Open to any NMCA staff having interest in INSPIRE**
 - **Several persons from same NMCA may join INSPIRE KEN**
 - **No commitment for work**
 - **But active contribution very welcome!**

CONTEXT: INTEROPERABILITY IS KEY ISSUE

- INSPIRE Directive :
 - 2017 : annex I themes
 - 2020 : annex II and II themes
- ELF project
 - Includes themes AD, AU, BU, CP, GN, HY, TN, EL
 - **Interoperable data expected by end 2015**
- INSPIRE MIG Thematic Clusters
 - To collect implementation experiences and requests for change
 - Duration : end 2014 – 2015 (?)

CONTEXT : INSPIRE KEN ACTIVITIES

- **Interoperability in general**
 - NMCA strategy to implement INSPIRE interoperability (February 2013)
 - Schema transformation (October 2013)
 - Coordination between data producers for interoperability (February 2014)
- **Interoperability of specific themes**
 - HY and TN : October 2014 (Praha)
 - Other vector themes: April 2015 (Praha)
 - Raster themes EL and OI : 28-29 September 2015 (Barcelona)
- **Documents available on EuroGeographics web site**

OBJECTIVES OF CURRENT WORKSHOP

- Increasing common understanding about coverages (training session)
- Share our experiences regarding transformation of themes and download services (WCS)
 - Check if we have same understanding of INSPIRE specifications
 - Identify the common choices and common issues
 - If necessary, provide INSPIRE KEN requests for change to INSPIRE specifications
 - Get some state-of-play of our achievements
 - Learn about and contribute to the ELF project
 - know more about MIG thematic clusters

AGENDA

■ Tuesday morning

- Introduction
- Training session

■ Tuesday afternoon

- Experience about transformation of themes OI and EL
- Progress in ELF project

■ Wednesday morning :

- Experiences on WCS
- Thematic clusters
