National Report: Struve Geodetic Arc in Estonia

Karin Kollo
Estonian Land Board

07.09.2016
What we have?

- 3 Struve Geodetic Arc points prescribed to World Heritage list
- Some research ...
- Activities
- Struve puzzle
- Struve Geodetic Arc points in ELB’s Geoportal
World Heritage – Struve - Estonia

- 3 Struve Geodetic Arc points prescribed to World Heritage list
- Tartu Observatory
- Simuna-Võivere baseline endpoints
Search for Struve Geodetic Arc points

- In Estonia, points were not monumented
- An expedition 12.09.14
- One point found? Varesmägi
Activities

• Started with common workday in Võivere – September, 2010

What we shall have?

• Marked Struve Geodetic Arc points
• Meegastemäe (Arula) – opening of the Struve signal and information board
• Same kind of event planned for Hummuli
• In future – Essemäe, Leenardi
What we shall have?

• More different souvenirs
• Information leaflets
• Web-pages
What we would like to have?

• Idea of VIVA STRUVEANA
• Tourist route going through all Struve Geodetic Arc points in 10 countries
• Aivar Niinemägi (MTÜ Paik)  
  Dr. Hillar Kala (round table of scientists)
What next?

- Interactive museum in the Võivere windmill telling story of measurements of the land (and some other things)
- Struve Geodetic Arc points to be marked
- Idea of VIVA STRUVEANA
Thank you for your attention!
