

Programme

Joint Conference of PCC, EuroGeographics CLRKEN and EULIS Bratislava, Slovakia, 17-18 November 2016

Venue: Historical Building of the Slovak National Council, Zupne Namestie, Bratislava

We are pleased to invite you to the joint conference of the three organisations:

- EuroGeographics, Cadastral and Land Registry Knowledge Exchange Network (CLRKEN)
- EULIS, European Land Information Service
- PCC, Permanent Committee on Cadastre in the European Union

The CLRKEN workshop will look at the different aspects that **affect cadastral and land registration when dealing with their partners.**

The EULIS Conference will focus primarily on the **future of the EULIS Organisation.** The line up of expert speakers will share the state of play and the results of a recent questionnaire about EULIS's future. There will also be presentations on the value of a European wide property and land information portal as well as presentations on blockchain technology and linked data.

The PCC Conference will focus on issues related to **Digital Single Market,** integrated information systems and interaction between partners and cadastral and land registry institutions.
