Title:
Support of evidence-based policy making in agriculture and land relations in Ukraine.

International Partners:
Donor: The World Bank

Partners from Ukraine:
Ministry of Agriculture, StateGeoCadastre, Ministry of Justice, State Fiscal Service, State Court Administration, State Statistics Service

Project results:
- Monitoring system, combining the data from 6 mentioned authorities was established
- Annual Report on land relations index for on district level is produced
- Remote sensing for identifying the actual land use in comparison to the documented one
**The World Bank Support for the State Land Cadastre**

**Title:**
Supporting the transparent land governance in Ukraine

**International Partners:**
Donor: The European Union
Implementing organization: The World Bank

**Partners from Ukraine:**
Ministry of Agriculture, Ministry of Justice, Ministry of Economic Relations, StateGeoCadastre

**Project results:**
- Vectorization of privatization plans (for 3 pilot oblasts)
- Scanning of privatization plans and other historical land title records for all Ukraine
- Inventory of all unregistered state property lands and inserting it to State Land Cadastre (for 3 pilot oblast)
Ukraine has one of the biggest cadastral systems in Europe

Digitalization and convenience are the key directions for the future

De-monopolization and De-regulation approach were more than successful

International support will make cadastre system more precise and full

Actual and correct data from cadastre will boost the economic activity in the country
Thank you!
